

Ga naar [skype.com](https://www.skype.com/en/) en kies 'Download Skype'.

#1

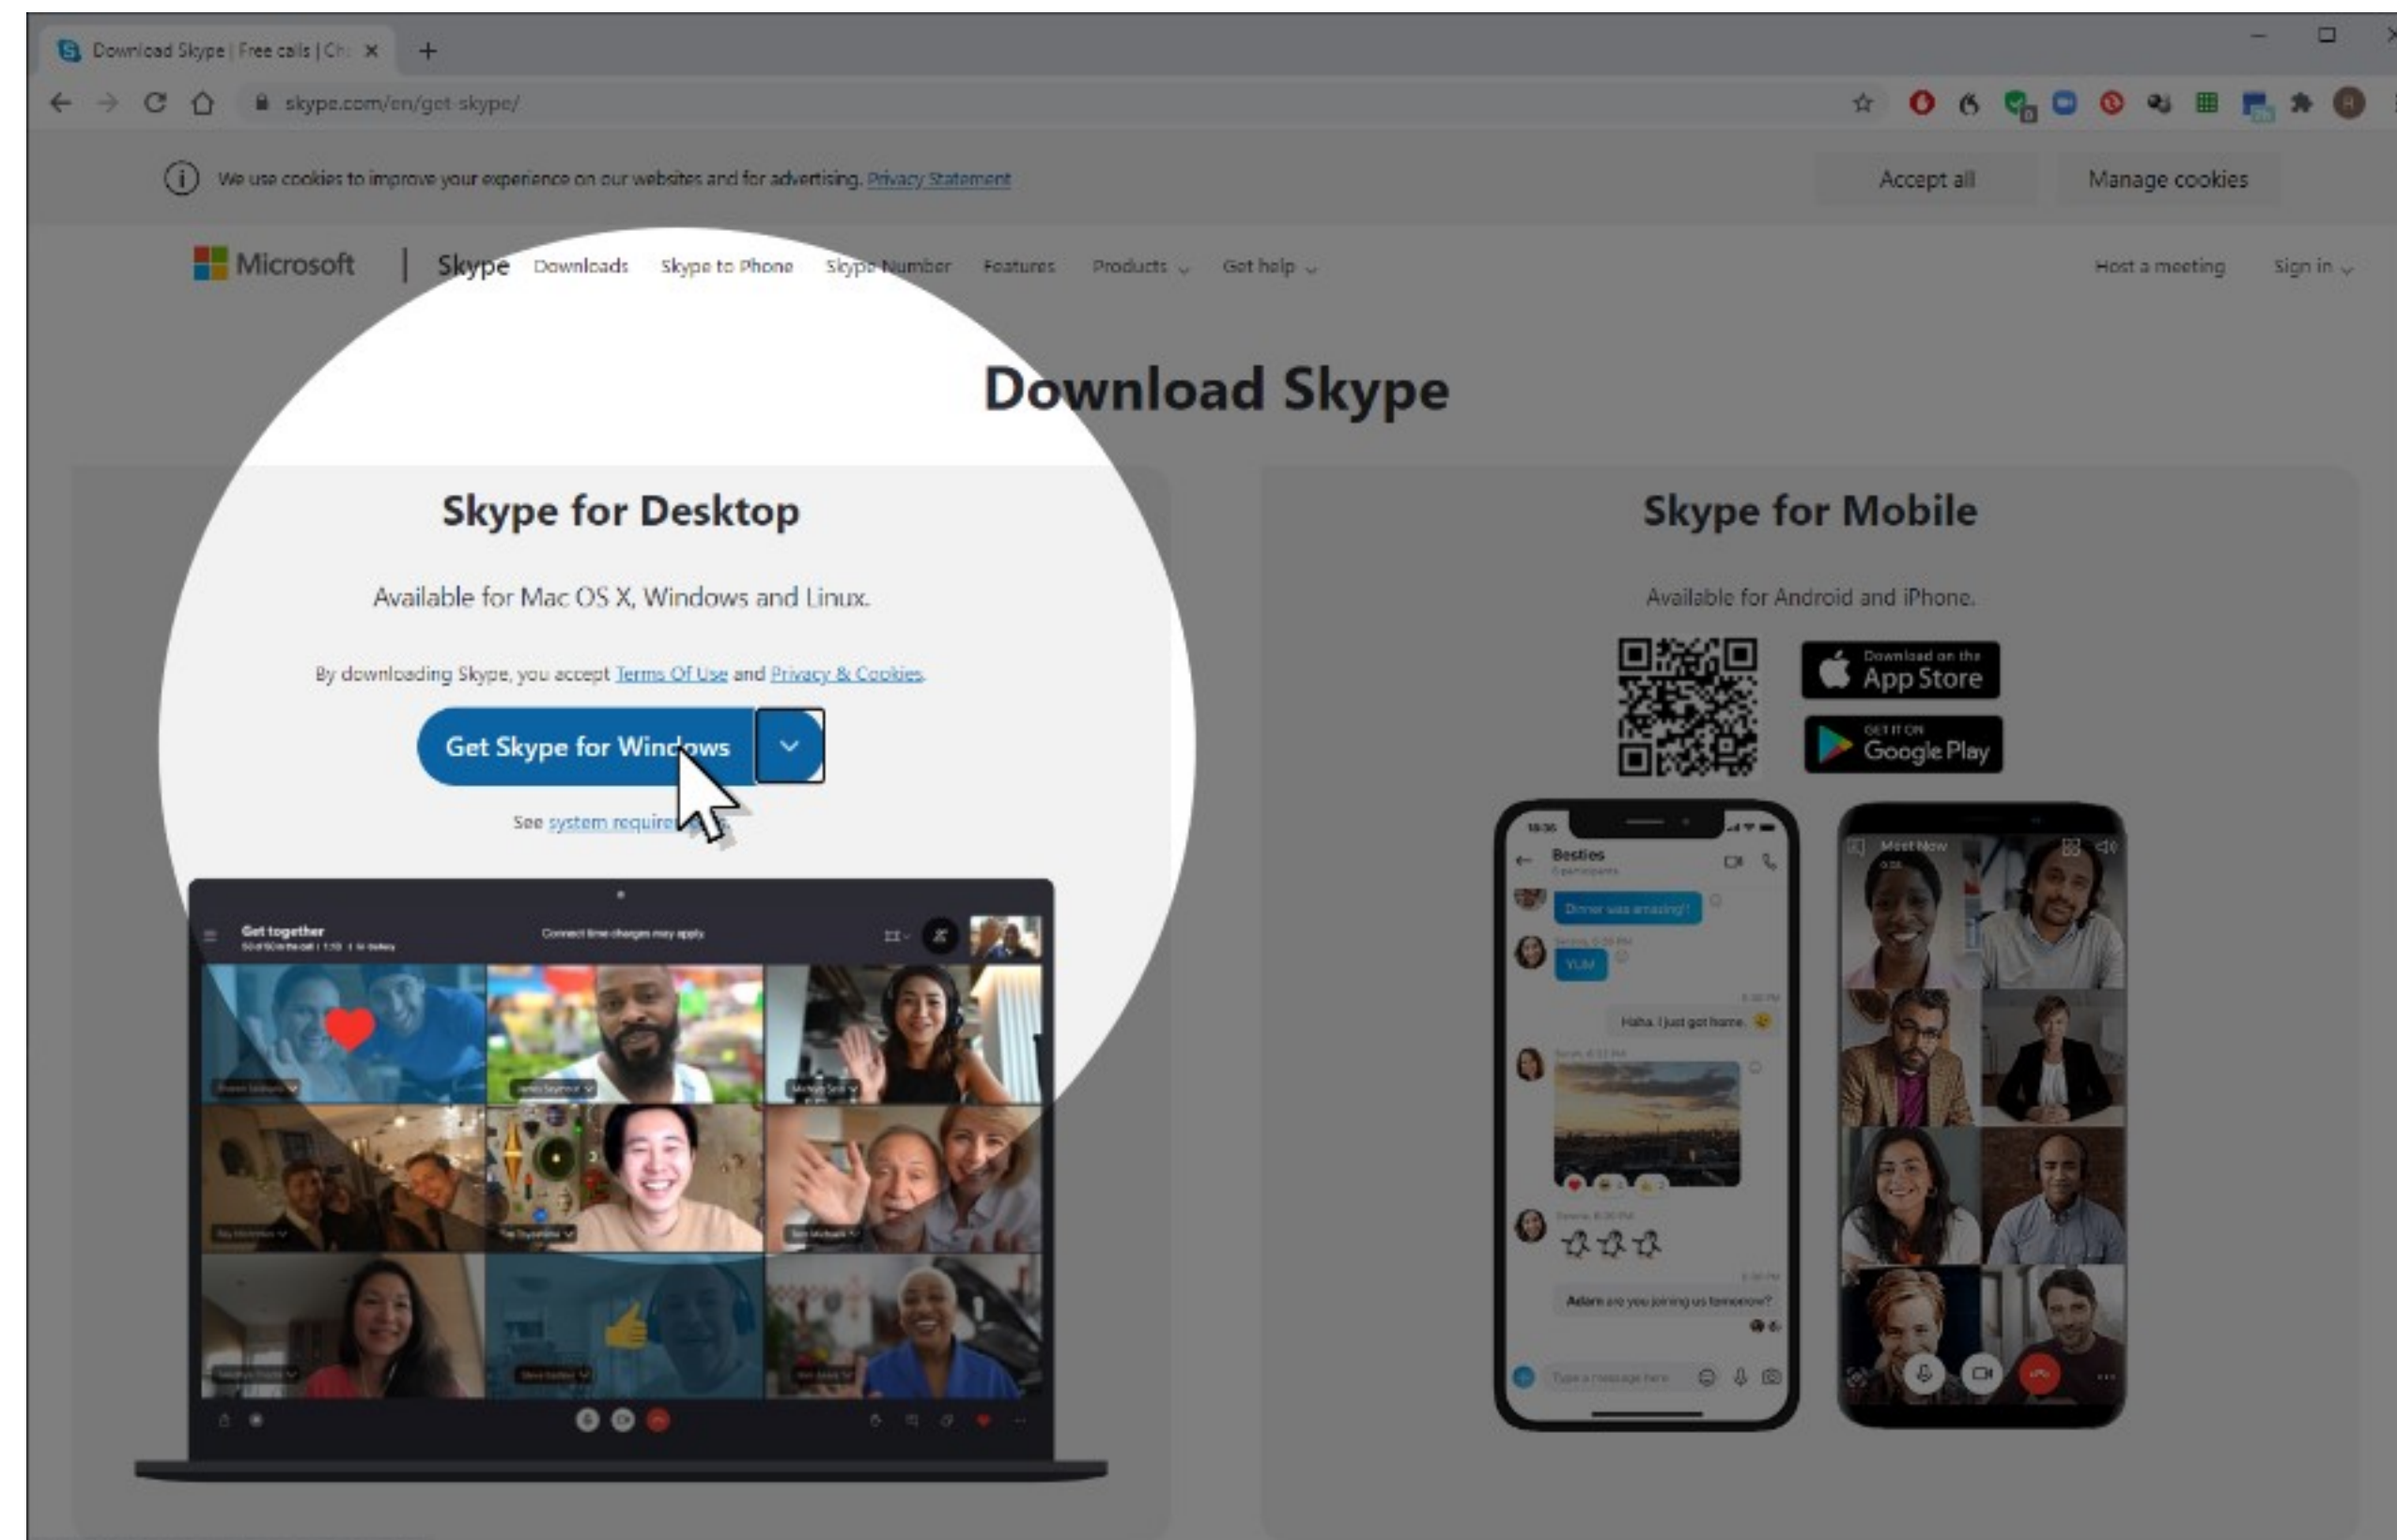

Skype ziet welke versie u moet hebben.

#2

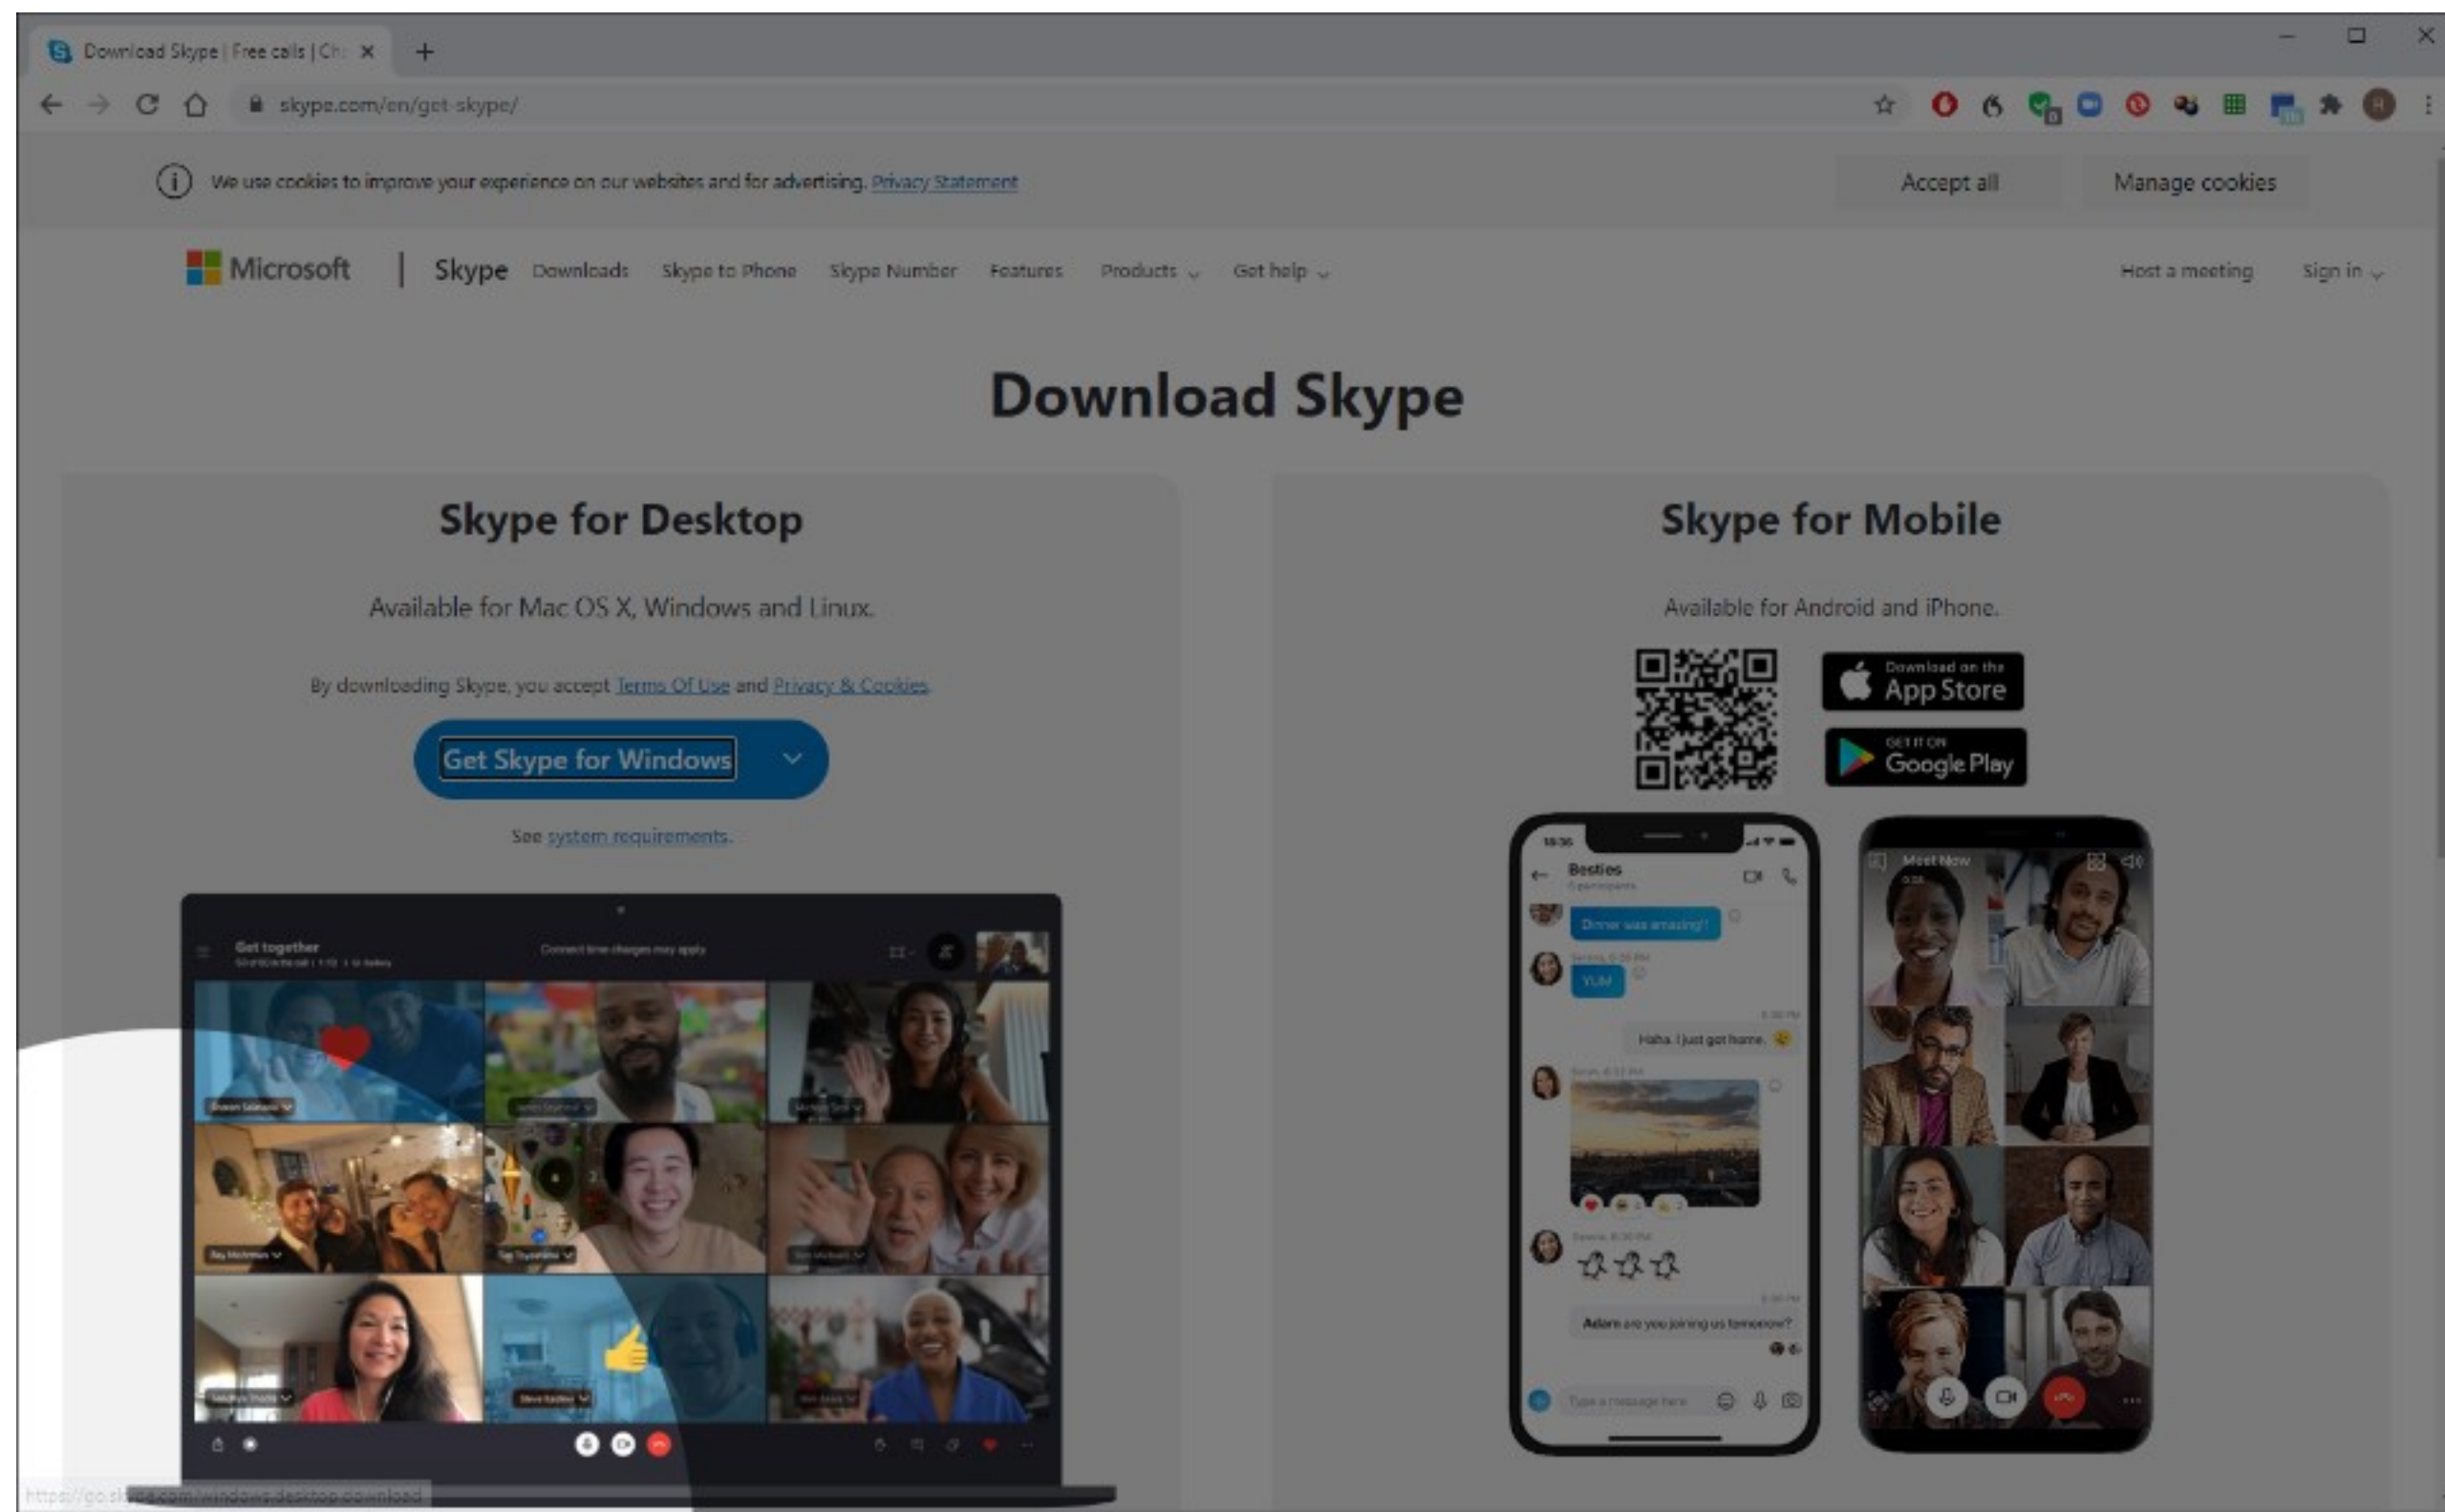

Klopt het niet? Klik dan op het pijltje en kies uw besturingssysteem.

#3

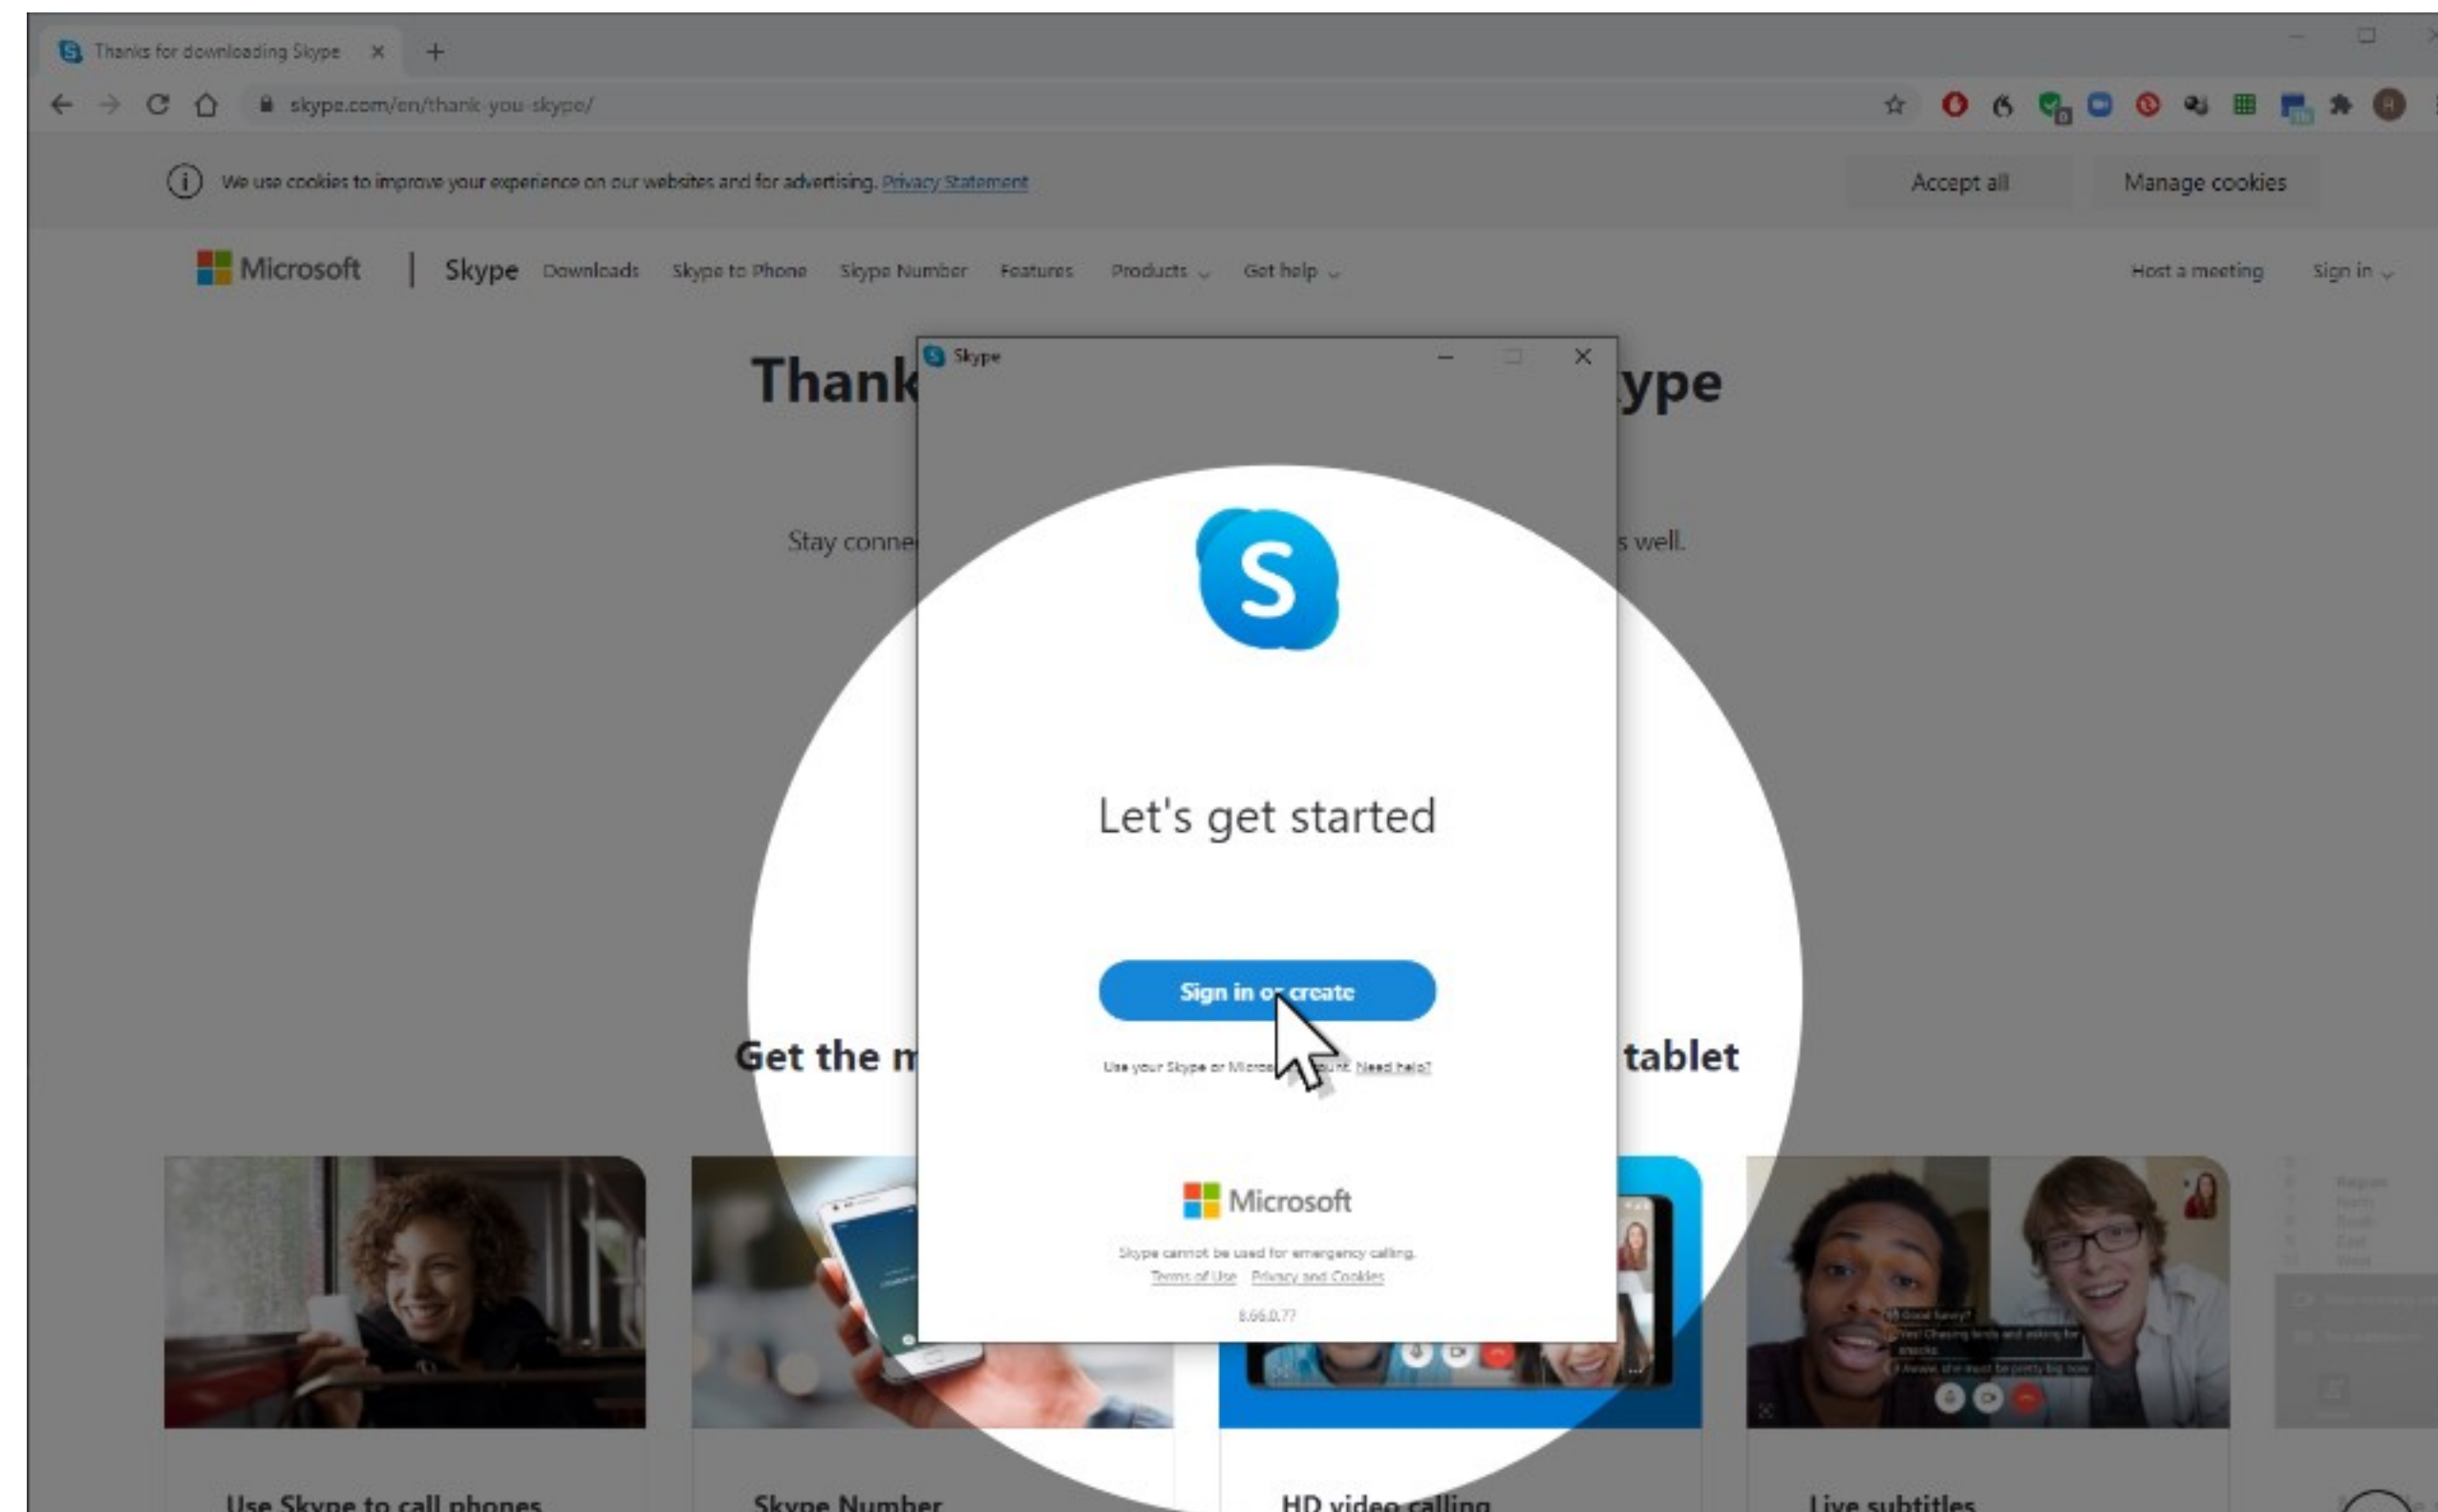

Download vervolgens het programma.

#4

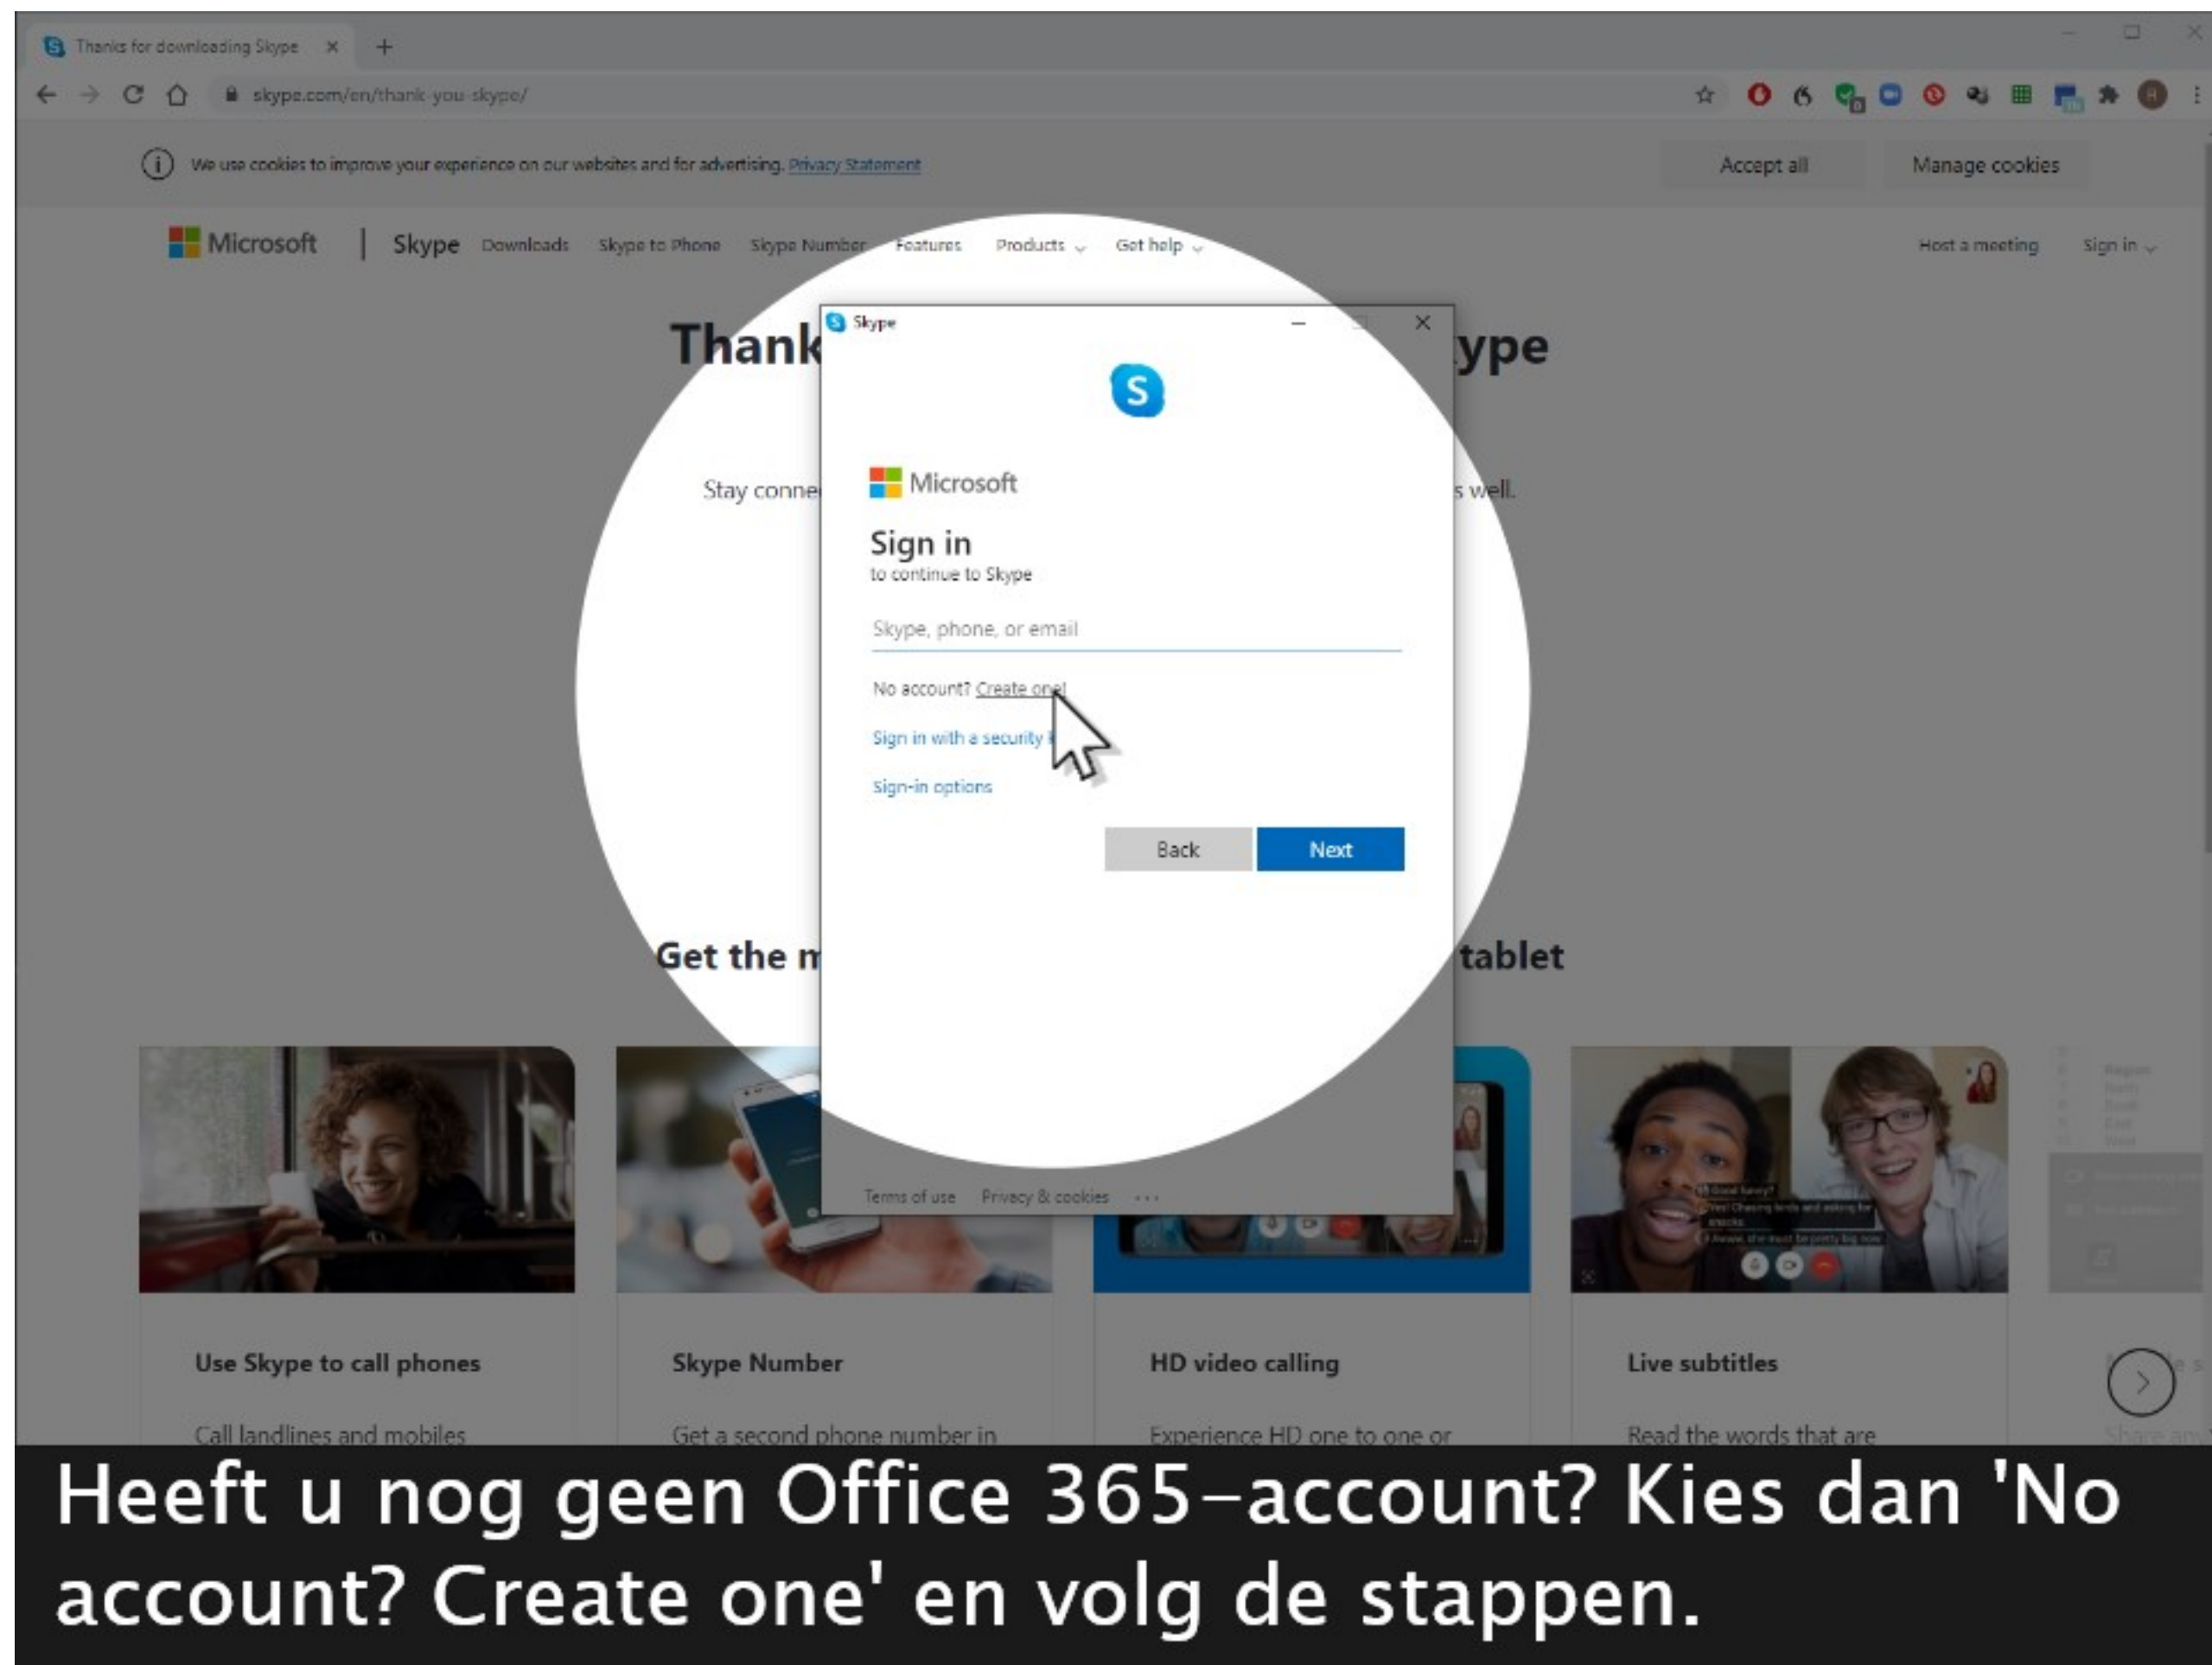

Download klaar? Open het bestand.

#5

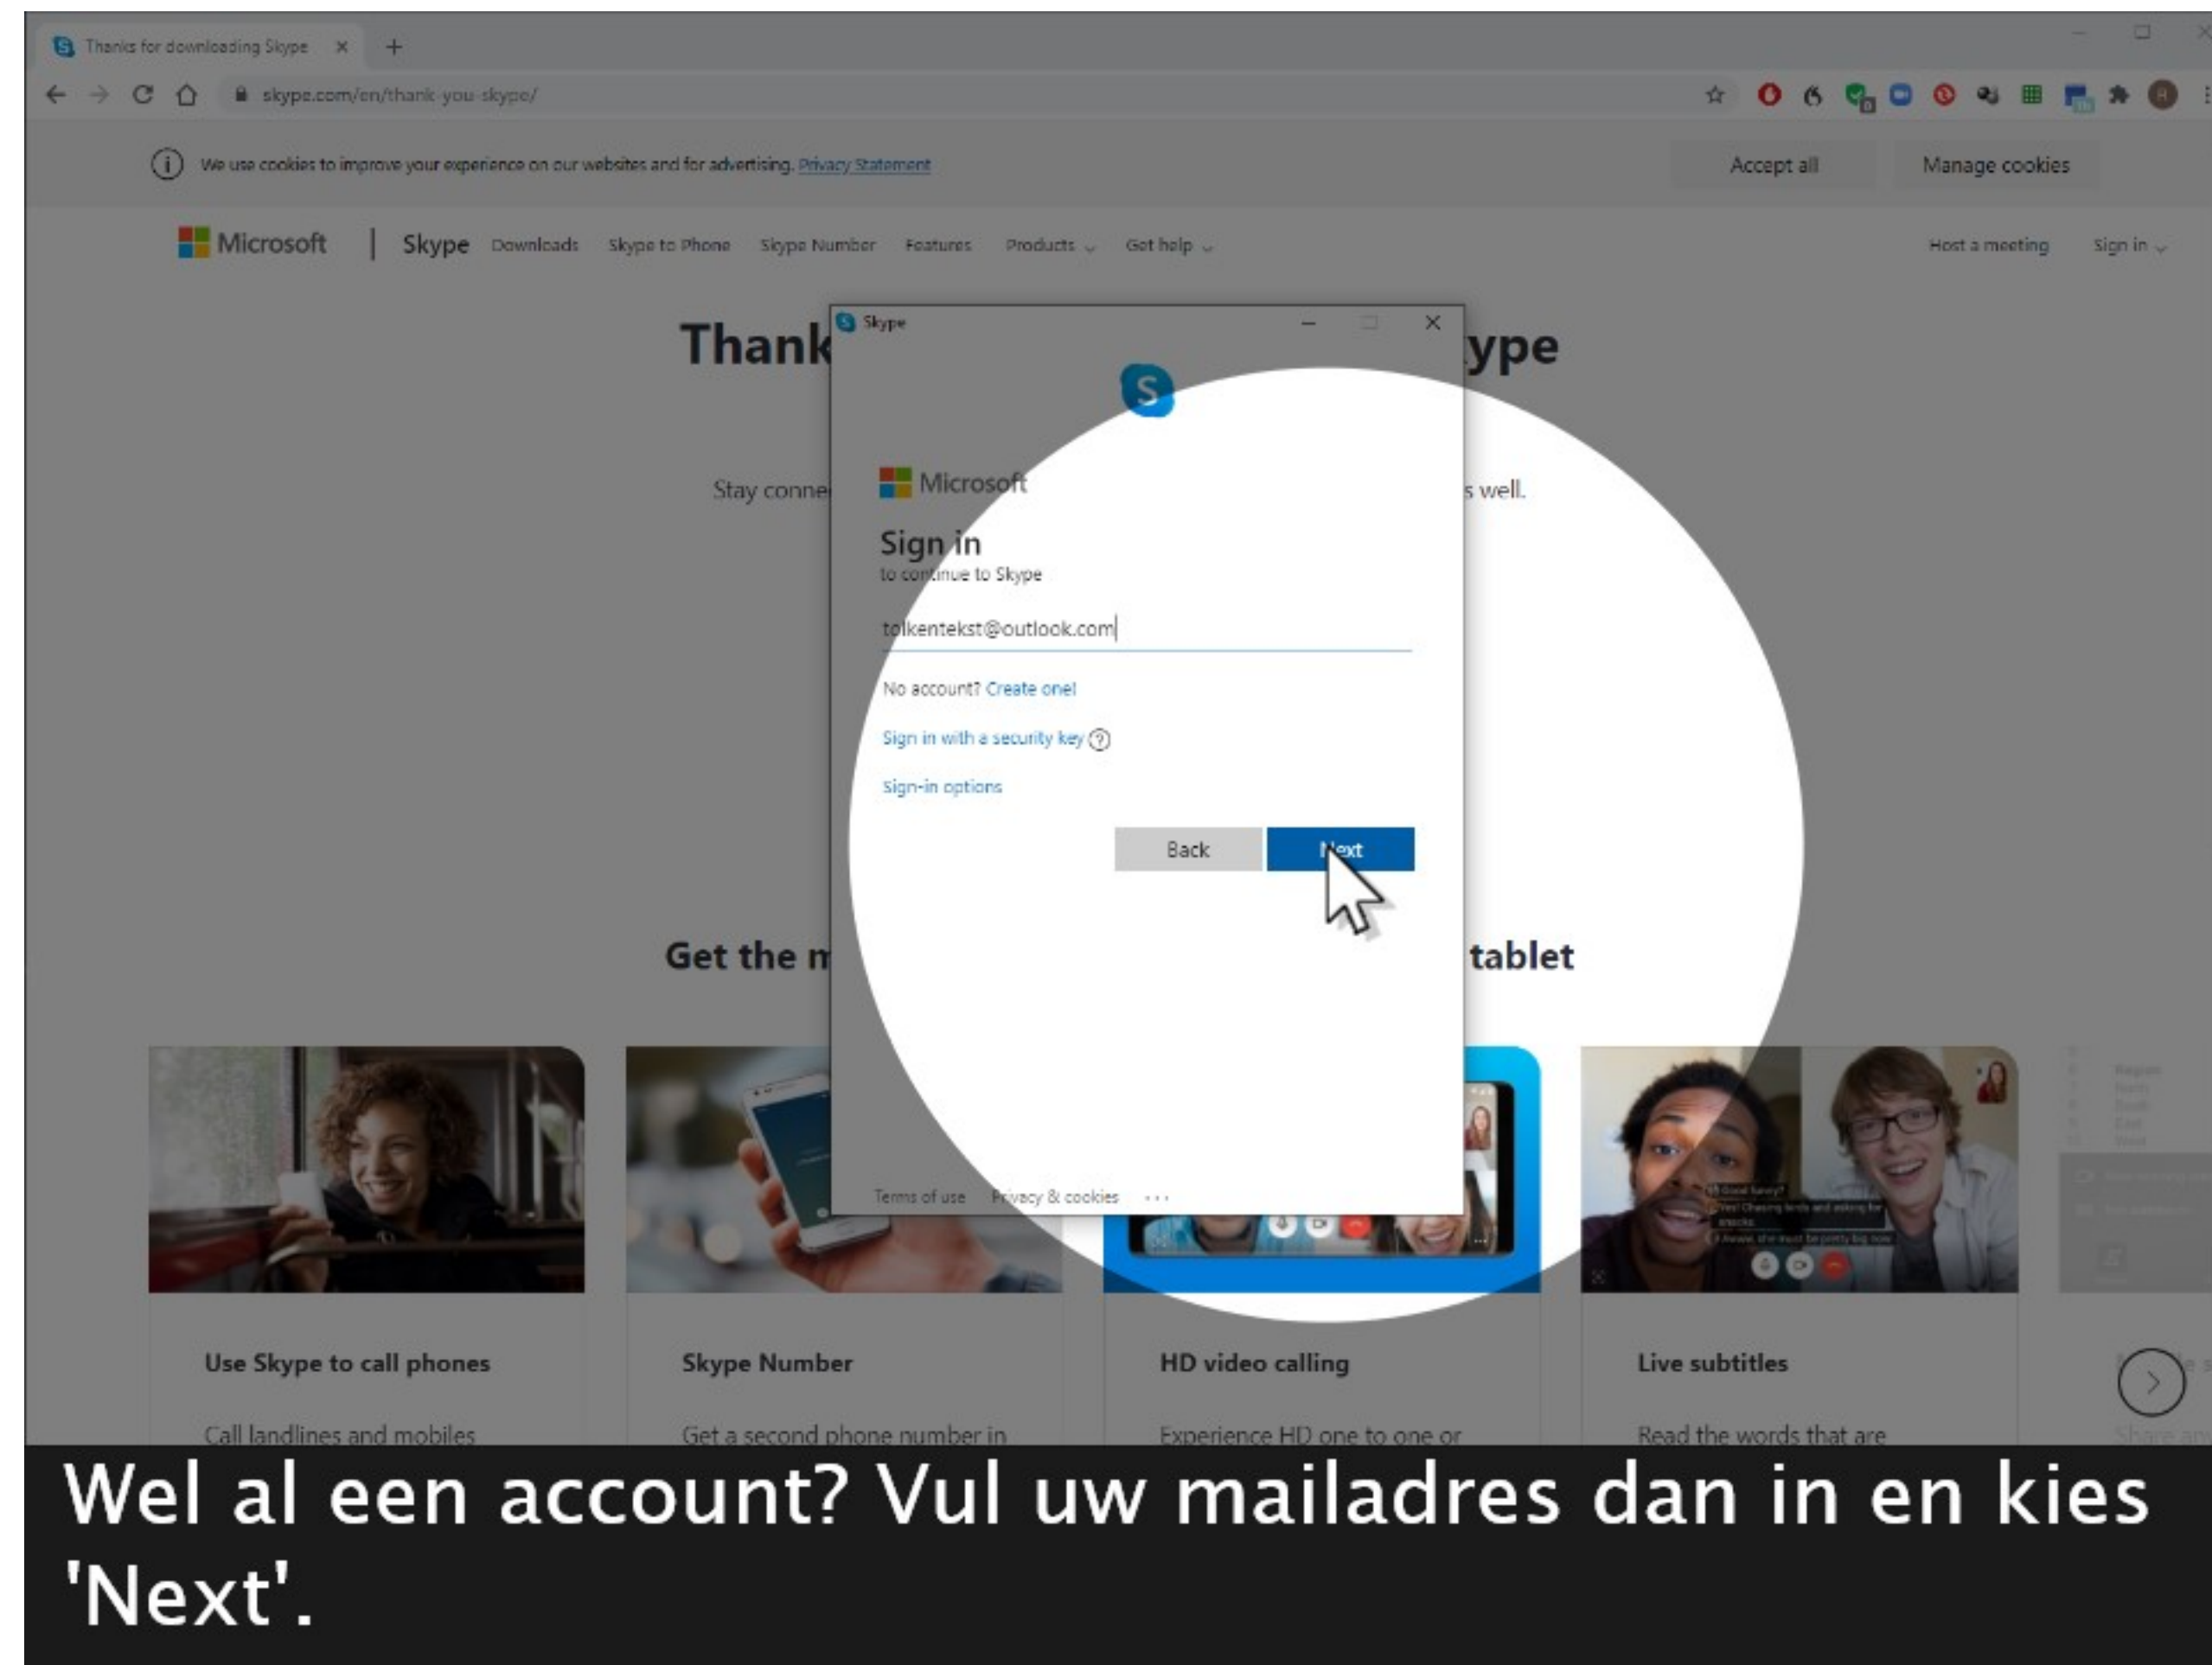

Klik op 'Sign in or create'.

#6

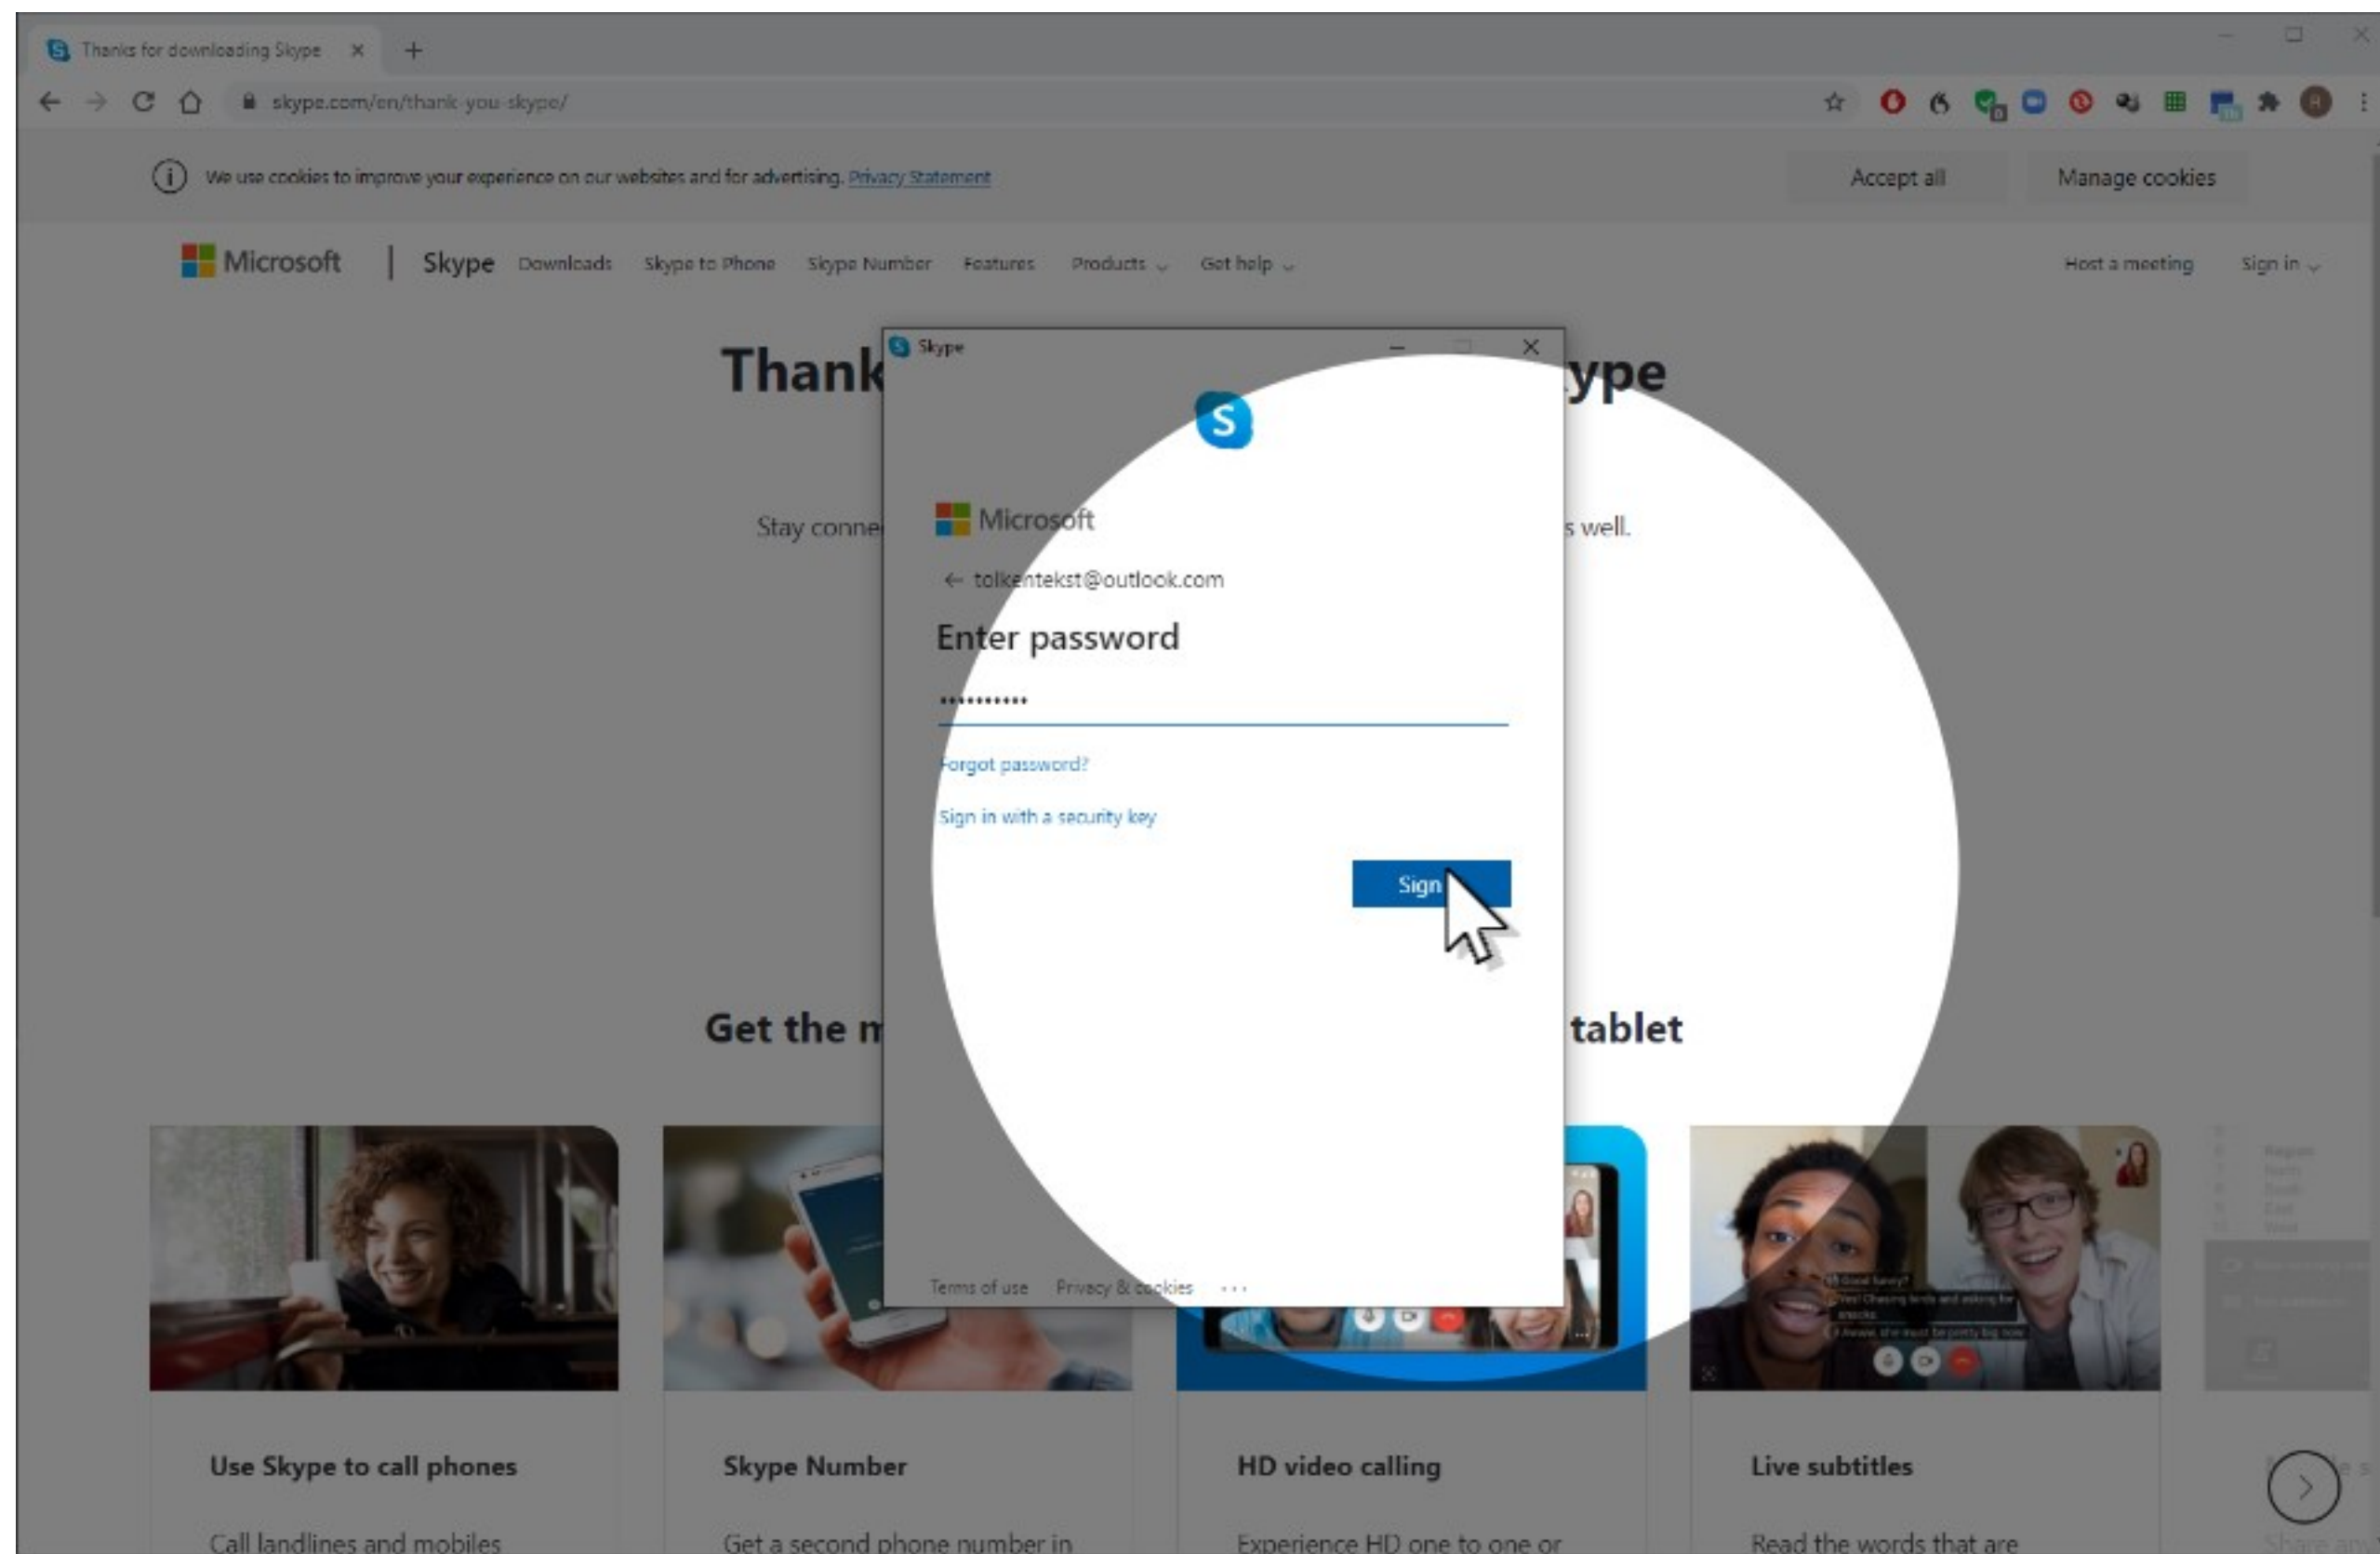

Heeft u nog geen Office 365-account? Kies dan 'No account? Create one' en volg de stappen.

#7

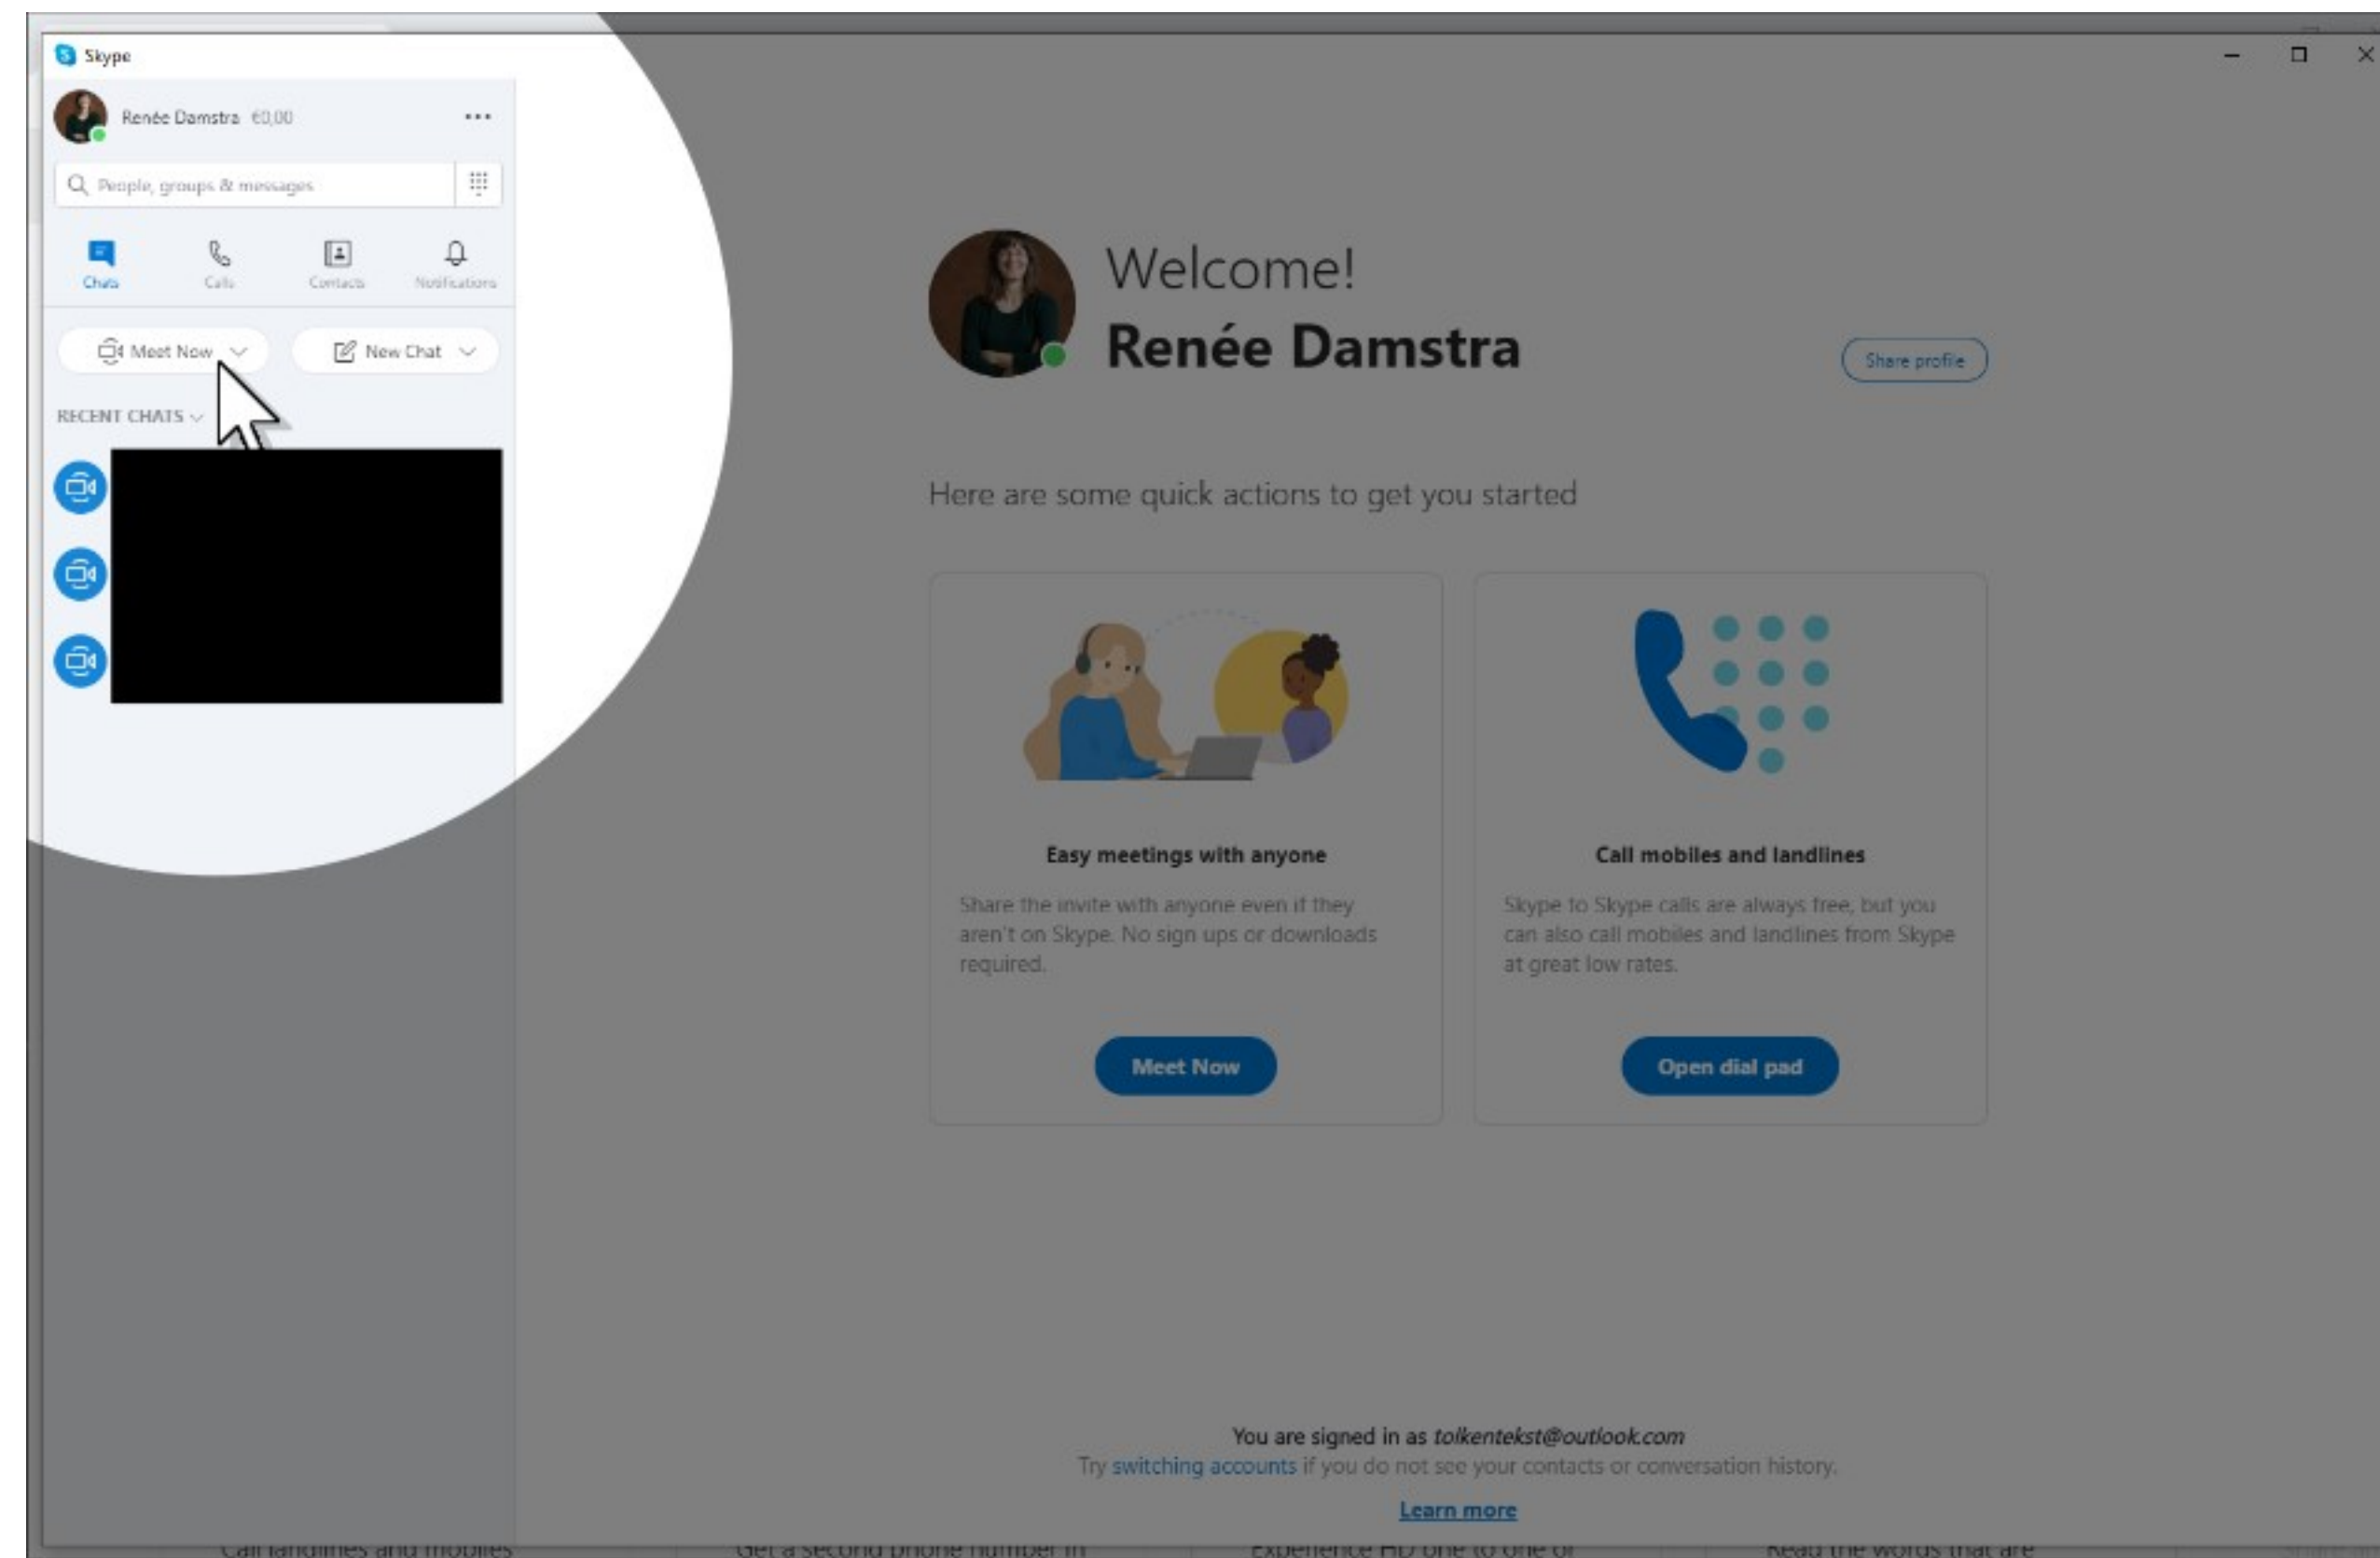

Wel al een account? Vul uw mailadres dan in en kies 'Next'.

#8

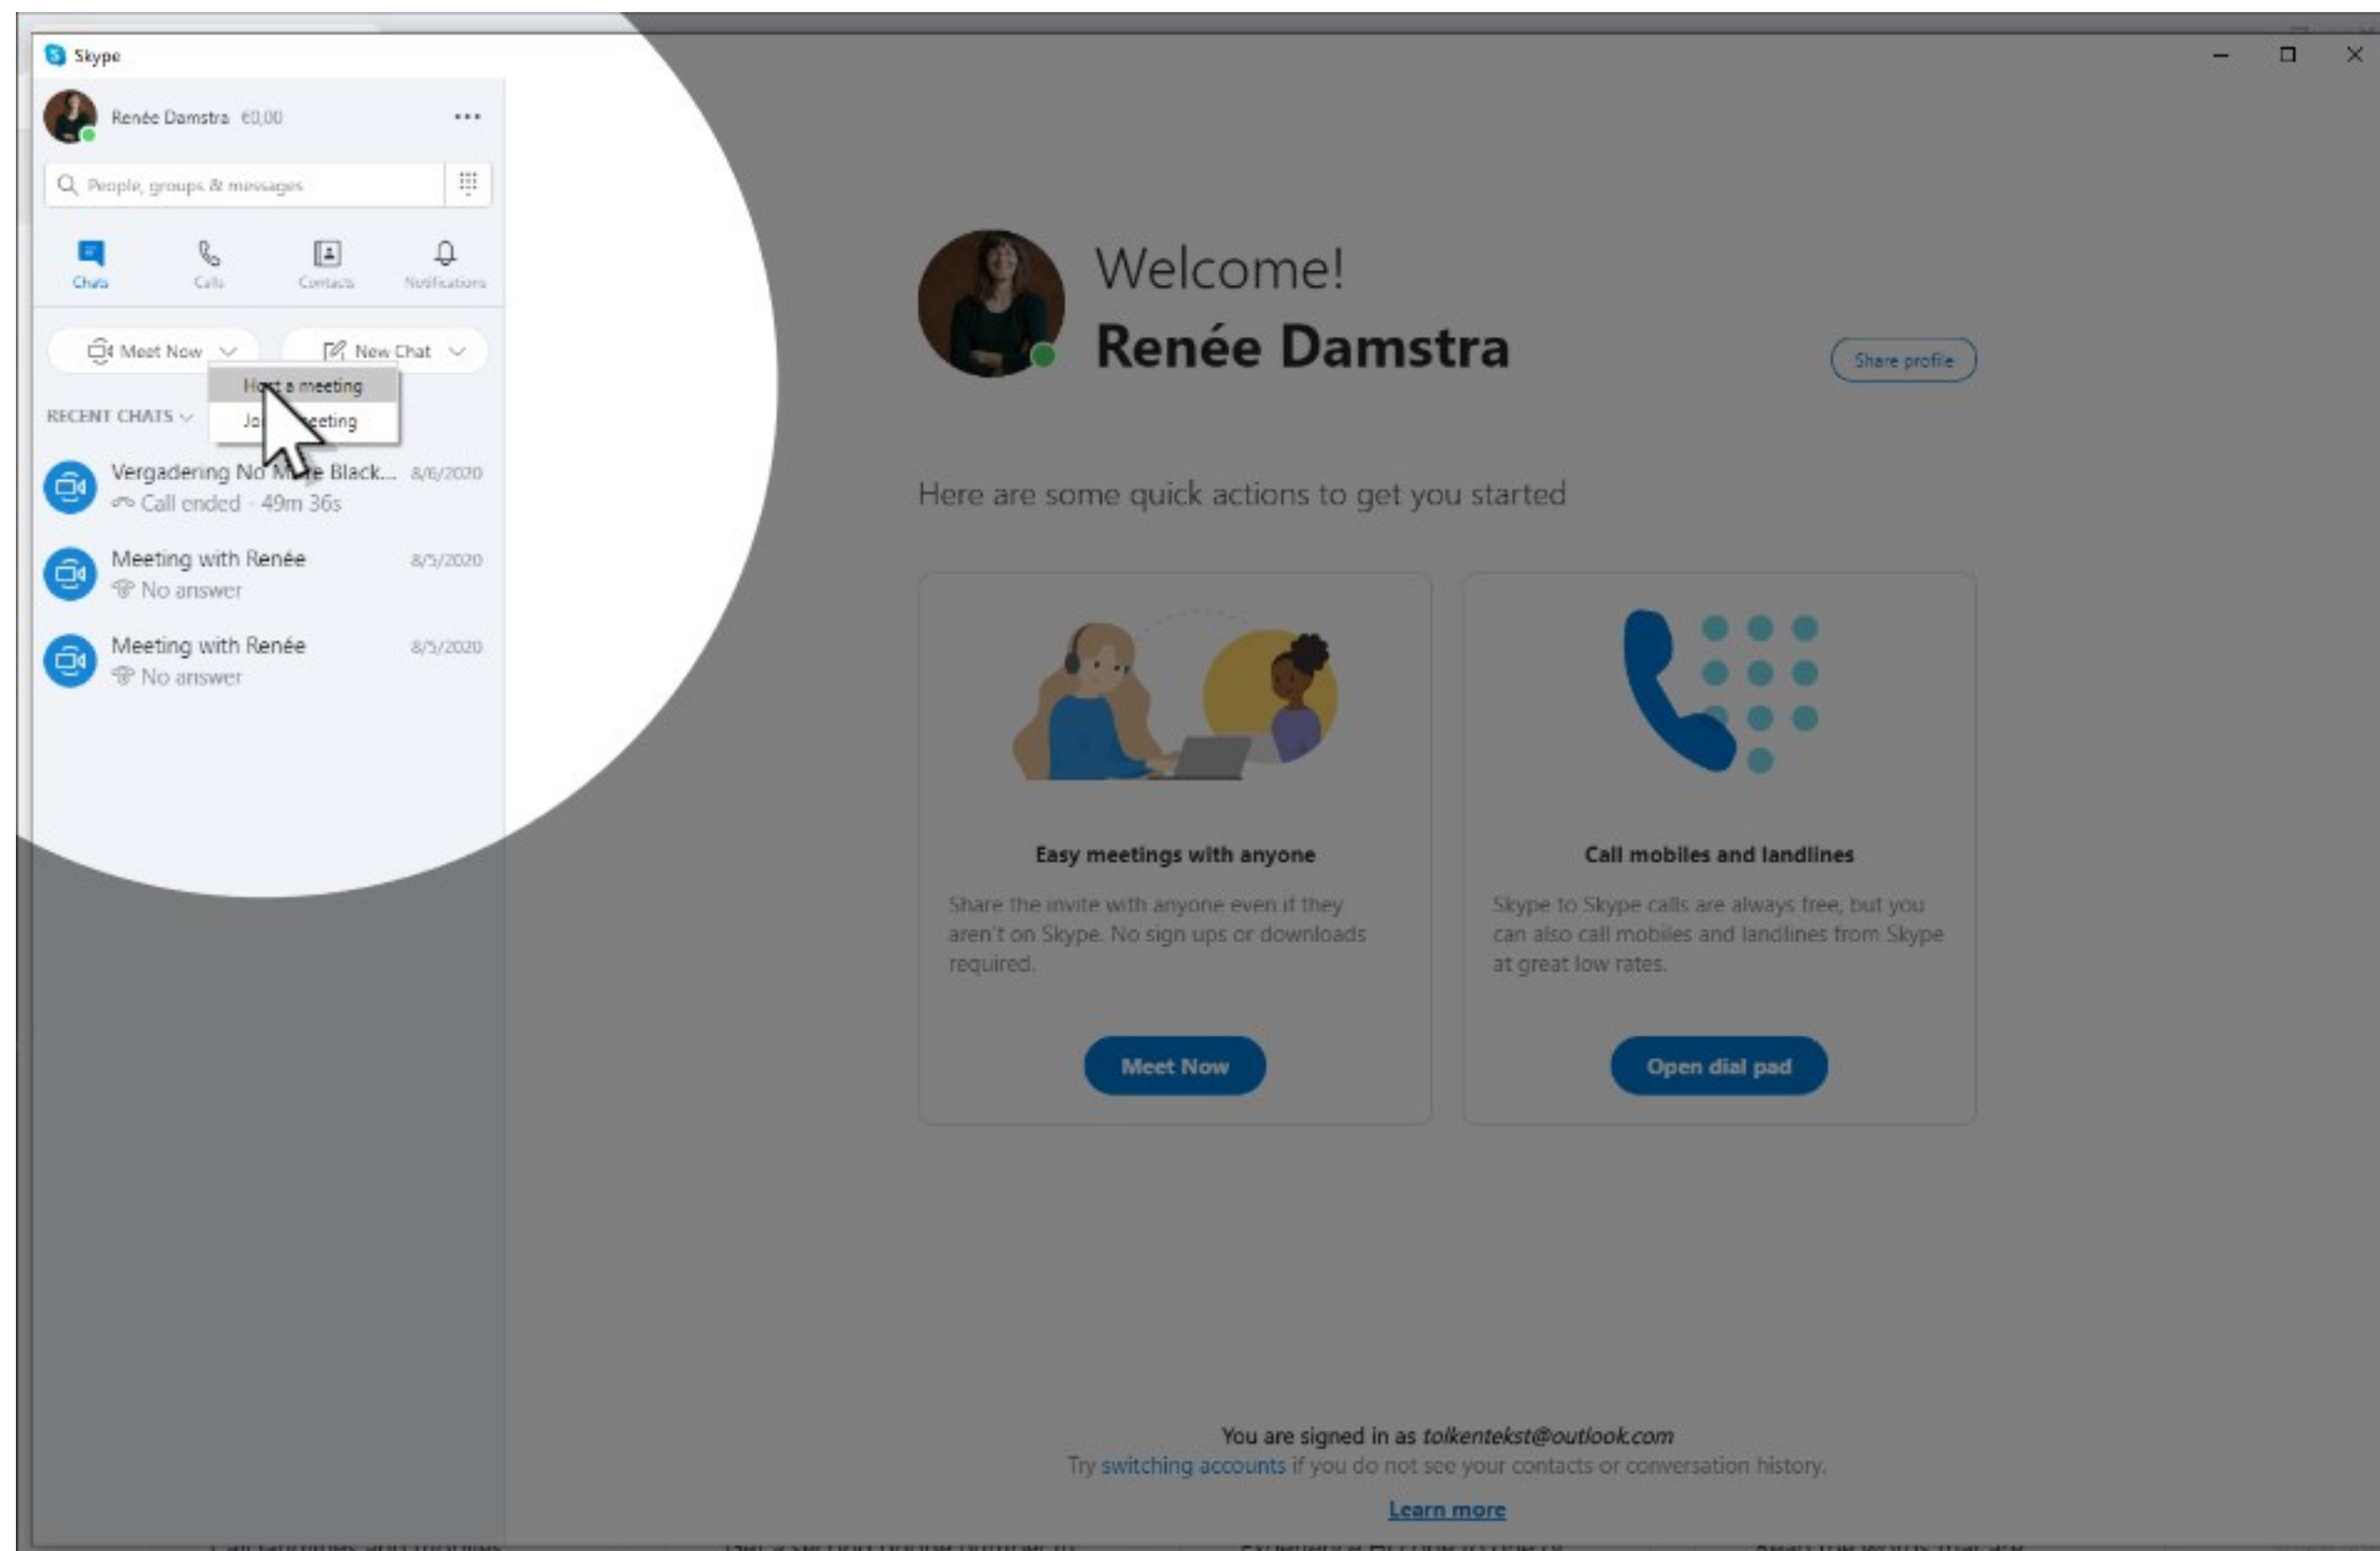

Vul uw wachtwoord in en kies 'Sign in'.

#9

Gefeliciteerd! U bent ingelogd.
